

Who is The Camp ?

RAINMAKING LOFT

The Camp is a collaboration between Rainmaking, one of Denmark's leading facilitators of entrepreneurship and Tryg, an experienced corporate player with 2,7 million insurance customers in Scandinavia.

Rainmaking already houses over 700 entrepreneurs in their co-working spaces in London, Berlin and Copenhagen.

Tryg has extensive business knowledge and fantastic facilities. They offer both in order to support our startups.

So it makes sense that The Camp benefits from both an entrepreneurial spirit and a corporate backbone - essentially providing the best of both worlds.
